Welcome!

- Today's event
- Practical Arrangements
- Agenda for the day

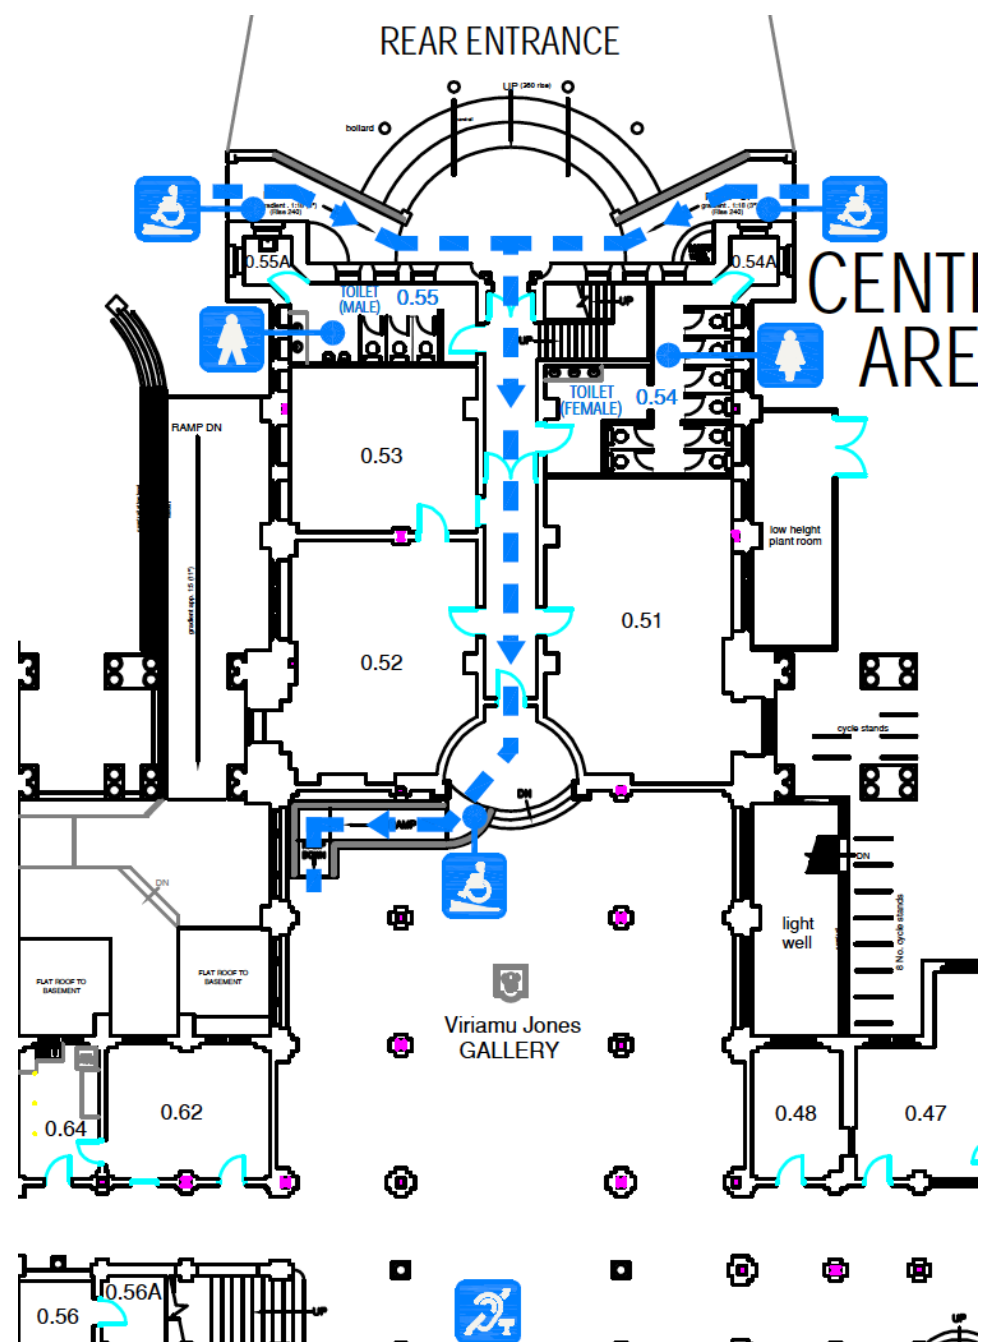

The WISDOM Final Event

- Provide an overview of what the WISDOM project is and the system we have developed.
- Present key outputs of our research work, through presentation and interactive exhibits.
- Gather feedback on some of the key issues we are considering through our panel discussion
- Present complementary visions on the smart water field through our colleagues in fellow ICT4Water Projects.

- Locations
- Toilets
- Fire Escape
- Wi-Fi Access
 - CU-VISITOR
 - I'm here for conference.
